MAADHAV DIGRASKAR
MD & CEO, CII

With more than 30 years experience in the power industry, Maadhav Digraskar has been appointed as the managing director and CEO of Cable Corporation of India (CCI). He is a firm believer in transparency, system-oriented work environment.

Digraskar is known for encouraging a learning environment and at the same time enjoys nurturing young talent. Having proved his mettle over the years by serving the industry in various capacities, Maadhav has held various posts: chairman, MV & HV Switchgear Division, IEEMA; chairman, CII, Nashik Zone; head of manufacturing panel, CII, western zone; and vice-president, LSI, NIMA; member, executive council, IEEMA. In addition, he has worked as chief executive at KEC International Ltd in the power systems divisions and was also a member of the management committee. At KEC International, he was globally responsible for substation, electricity distribution and cabling work related project businesses.
